8 **SECTION 1.**

Part 1A of Article 2 of Chapter 5 of Title 46 of the Official Code of Georgia Annotated, 9

10 relating to the telephone system for the physically impaired, is amended by revising

11 subsection (c) of Code Section 46-5-30, relating to the establishment, administration, and

12 operation of a state-wide dual party relay service, as follows:

"(c) The commission shall require all local exchange telephone companies in this state, 13

except those operated by telephone membership corporations, to impose a monthly

maintenance surcharge on all residential and business local exchange access facilities. For

the purpose of this subsection, 'exchange access facility' means the access from a particular

telephone subscriber's premise to the telephone system of a local exchange telephone

company. 'Exchange access facility' includes local exchange company provided access 19

lines, private branch exchange trunks, and centrex network access registers, all as defined

by tariffs of telephone companies as approved by the commission. The amount of the

surcharge shall be determined by the commission based upon the amount of funding

necessary to accomplish the purposes of this Code section and provide the services on an

ongoing basis; however, in no case shall the amount exceed 20¢ per month. A maximum

of 5ϕ of this monthly surcharge per access line shall be utilized for a telecommunications

equipment distribution program and a maximum of 1¢ of this monthly surcharge per access

line shall be utilized to fund an audible universal information access service. If the

DC 36 0700

projected cost of the operation of the relay service exceeds a monthly surcharge of 15¢ at any time, funding for the telecommunications equipment distribution program and the audible universal information access service will be reduced by the amount required to fully fund the relay service, under the existing cap of 20¢ for the period of time necessary. No additional fees other than the surcharge authorized by this subsection shall be imposed on any user of such relay or information access service. The local exchange companies shall collect the surcharge from their customers and transfer the moneys collected to a special fund to be held separate from all other funds. The fund shall be used solely to provide trauma care throughout the state and for the administration and operation of the relay service, the information access service, and the telecommunications equipment distribution program and shall not be imposed, collected, or expended for any other purpose."

SECTION 2.

14 All laws and parts of laws in conflict with this Act are repealed.
